WHEN I GROW UP I WANT TO BE...

REWARD

Sometimes, not often enough,
We reflect upon the good things
And our thoughts often center
Around those we love.
And I think about those people
Who mean so much to me
And for so many years have made me
So very happy.
And I count the times I have
Forgotten to say
"Thank you."
And just how much I love them.

We proudly dedicate the 1977 Mercilite to Mrs. Marjorie Phillips. Thank you and we love you

In looking back at the places I've been,
And the changes that I've left behind
I look at myself and I find
I learn the hard way every time.

As I look at myself today
I wouldn't have done it any other way.

 Usher in a brighter day
 And our pain will be forgotten
 When new joys have come our way . . .
 If we remember God will guide us
 With a strong and loving hand
 And no matter what may happen
 He will care and understand . . .
 Surely then we can weave enough
 To smile through all our tears
 And to find a peace of heart that lasts
 Through many happy years.

Life is like an onion;
You peel off one layer at a time,

Carl Sandburg

Love is patient and kind;
Love is not jealous, or conceited, or proud;
Love is not ill-mannered, or selfish, or irritable;
Love does not keep a record of wrongs;
Love is not happy with evil,

But it is happy with the truth.

Love never gives up:

Its faith, hope and patience never fail.

Love is eternal.

Though all people may not see eye to eye, I see no reason why they cannot walk arm in arm.

I want to learn what life is for, I don't want much, I just want more.

Ask what I want and I will sing I want Everything, Everything.

I'll cure the cold and the traffic jam.

If there were floods, I'd give a dam.

I'd never sleep, I'd only sing I want Everything, Everything.

I'd like to plan a city, play the cello

Play at Monte Carlo and play Othello —

Move in to the White House, paint it yellow

Speak Portuguese and Dutch, and if it's not too much

I'd like to have the perfect twin,

One who'd go out as I came in.

I've got to grab the big brass ring

So I'll have everything!

If they would give me the time to turn the tide,

Give me the truth if once I lied, then I'd have

Everything, Everything.

YOU'VE COME A LONG WAY, BABY!...

WHEN I GROW UP...

If the hands of time
Were hands that I could hold
I'd keep them warm and in my hands
They'd not turn cold.
Hand in hand we'd choose
The moments that would last
The lovely moments that would have
No future and no past.
The summer from the top of a swing
The comfort in the sound of a lullaby
The innocence of leaves in the spring.
But most of all the moments
When love first touched me.
All the happy days
Would never learn to fly
Until the hands of time
Should choose to wave good-bye.

"Hold your breath!", "Roll up on your right side!", "Have you ever had this exam before?" These are just a few of the many phrases heard daily throughout Mercy Hospital's Radiology Department. This is where sixteen Radiology Students base their two year training course. Instructed by Mike Garbark, R.T., these students must complete 3000 exams before becoming eligible for state boards.

Affectionately dubbed "Radar" by Mercy's Nursing Students, they are headed by Senior Class President Jeanie Barnes and Junior Class President Cathy Covington.
